An overview of SSB

The interactive session conducted by Jawaharlal College of engineering and Nehru College of engineering and research centre “An overview of SSB” by ex-commandant and President of service selection board, Bhopal, Maj. Gen. Anil Shukla on 11th September briefed about the whole selection procedure conducted by the selection board. It was very informative and useful because many of the cadets lack the knowledge of armed forces. The basic introduction to various job opportunities in defence as an officer was explained to us by Mr. Aswin Raj from Indian Combat. This also helped us to understand the career options in defence.

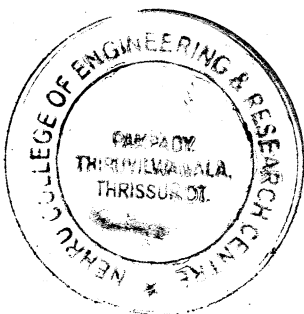

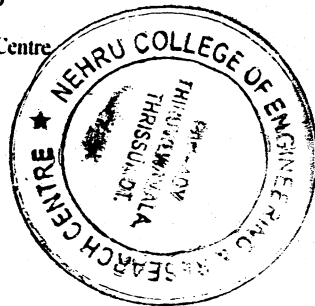

Majority of our cadets participated in the online session with great enthusiasm and raised valuable questions. All the doubts and misunderstandings about SSB and armed forces got cleared during this interactive session.

It was a good experience for all cadets aspiring defence as a career.

Teacher's Day Celebrations 2021

We celebrate Teacher's day every year throughout the country on 5th September to appreciate the role played by teachers in the life of students—the leaders of tomorrow. This day is dedicated to Dr. Sarvepalli Radhakrishnan, a timeless teacher and the former President of the country. Amidst the pandemic, Teacher's day was celebrated on 5th September, 2021 virtually.

On this day, NCC Cadets of Nehru College, Pampady expressed their gratitude and appreciation by making a video of them holding posters with lovely quotes about teachers. The entire programme was applauded by everyone present and will always remain a beautiful memory in the hearts of one and all present.

Independence Day Celebrations 2021

75th Independence Day was celebrated on 15 August 2021 with great happiness and enthusiasm at Nehru College of Engineering & Research Centre, Pampady, Thrissur. Although in the middle of covid pandemic, majority of cadets attended the celebration.

The National flag was hoisted by the respected principal Prof. Dr. Ambikadevi Amma T in the presence of Lt. .Sanoj.T, Associate NCC Officer, Mr. Ambikadas, Academic Superintendent, Mr. Rejumon, NSS program officer, NCC cadets, NSS volunteers, other staffs and students.

After the flag hoisting there was a short speech by one of the SD cadet on the importance of Independence Day and also a patriotic song by NCC cadets.

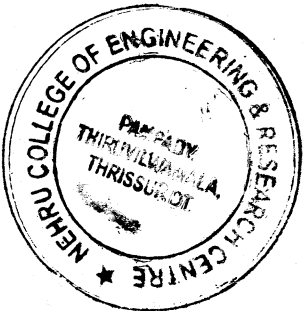

An Online Drawing competition on the topic “Real Heroes” and an online Patriotic song competition were conducted by the NCC cadets who were not present in the occasion.

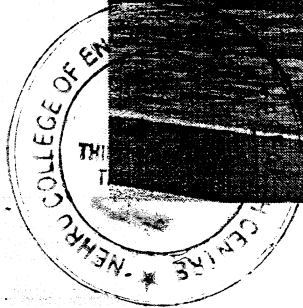

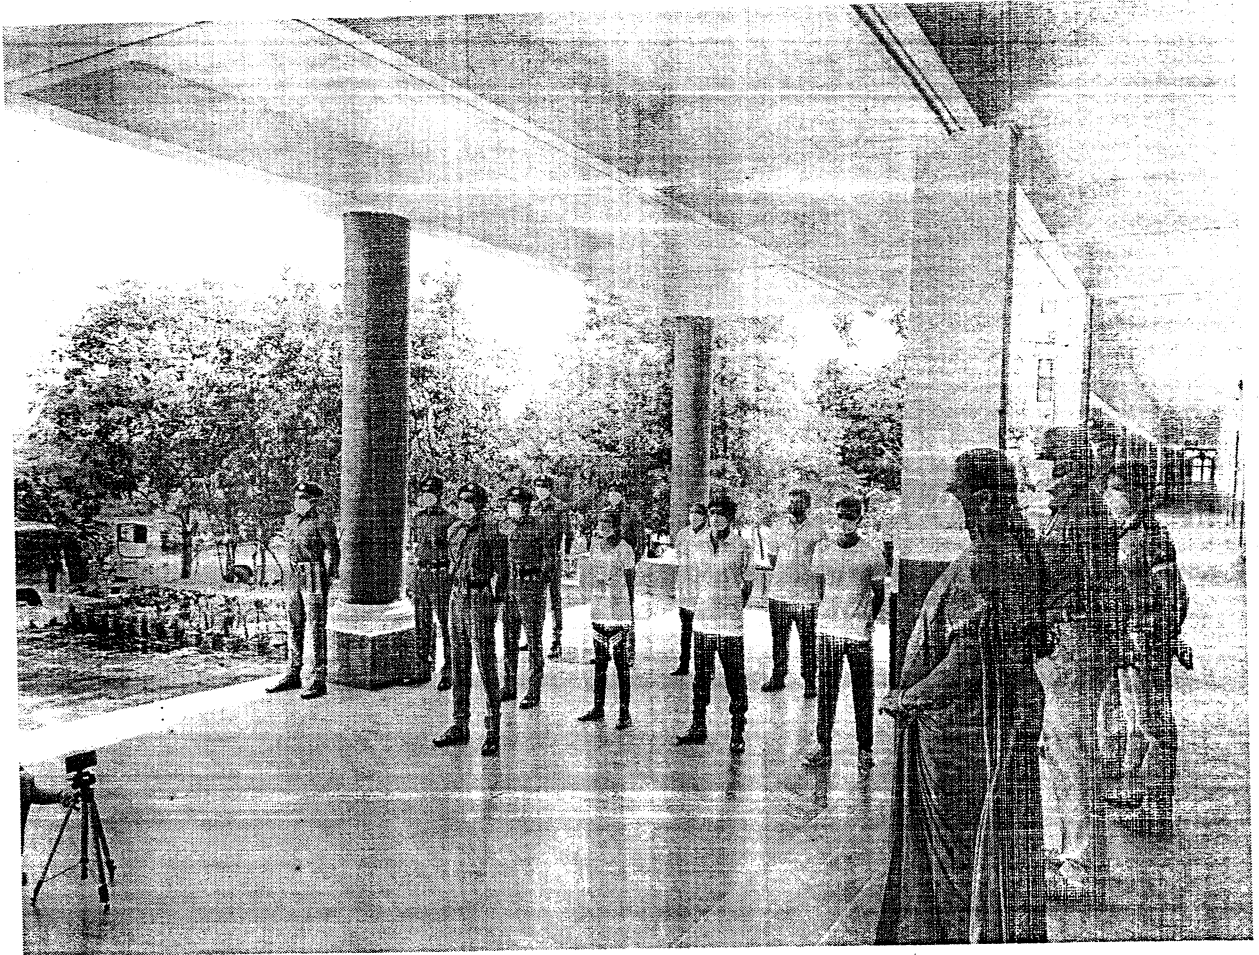

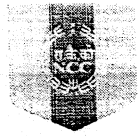

It was the day which showed the true patriotism in us by celebrating Independence Day in despite of covid-19.

YOGA

THE NEHRU COLLEGE OF ENGINEERING AND RESEARCH CENTRE
PAMPADY, THIRUVILWAMALA, THRISSUR DISTRICT, KERALA

Introduction

Yoga is an ancient Indian science of health and well-being. It is a holistic approach to life, encompassing physical, mental, and spiritual aspects. The practice of yoga involves a combination of physical postures (asanas), breathing exercises (pranayama), and meditation (dhyana). The primary goal of yoga is to achieve a state of inner peace and harmony, leading to overall health and happiness. Yoga is suitable for people of all ages and fitness levels, and it can be practiced anywhere, anytime.

SETU BANDHASANA (BRIDGE POSE)

STEPS:

1. Lie on your back with knees bent and feet flat on the floor.
2. Lift your hips towards the ceiling, creating a bridge shape with your body.
3. Hold the pose for 30 seconds to 1 minute.
4. Release the pose and rest on your back.

BENEFITS:

- Strengthens the back, neck, and shoulders.
- Improves circulation and reduces stress.
- Helps with constipation and improves digestion.
- Relieves lower back pain and sciatica.
- Enhances flexibility and balance.

DESCRIPTION:

This is a standing posture that involves bending the knees and lifting the hips. It is a good pose for strengthening the back and neck muscles. It also helps in improving the circulation of blood and reducing the stress and tension in the body.

PRECAUTIONS:

Introduction

Yoga is the most favourable method to connect to the nature by balancing the mind-body connection. It is a type of exercise which performed through the balanced body and need to get control over diet, breathing, and physical postures. It is associated with the meditation of body and mind through the relaxation of body.

Yoga is the ultimate act of harmony between one's physical existence and spiritual conscience. The perfect synchronization between the mind and the body is known as yoga. More than a physical form of exercise, it is considered as a spiritual act that makes you aware of yourself. The deep introspection that we do when our mind is relaxed makes us feel connected to our inner selves. Yoga took shape in ancient India during the early Indus Valley civilizations. It became popular after it was documented in detail by the Hindu priests who originally practiced yoga. In India, Yoga has been adopted as a way of life rather than a form of exercise.

People practice yoga for spiritual, health, and meditative benefits. A combination of different postures or Asana forms the essence of yoga. There are 84 asanas in traditional yoga, but the estimate could go up anywhere from 400 to 1000 if we had access to all the scriptures that documented yoga. What started as an act of extreme meditation has now become popular as a means of relaxation. While yoga can be practiced by anyone at home, the complicated postures need some practice. The deeply rooted spiritualism in yoga is because when our minds and bodies are in complete harmony, we attain a sense of divine peace that might be called 'moksha' in Sanskrit. The aim of yoga is to connect us to ourselves by eliminating any negative energy in our bodies. It is advised that we must sit on the ground while performing yoga as that would transfer the negative energy to the ground.
