An overview of SSB

The interactive session conducted by Jawaharlal College of engineering and Nehru College of engineering and research centre “An overview of SSB” by ex-commandant and President of service selection board, Bhopal, Maj. Gen. Anil Shukla on 11th September briefed about the whole selection procedure conducted by the selection board. It was very informative and useful because many of the cadets lack the knowledge of armed forces. The basic introduction to various job opportunities in defence as an officer was explained to us by Mr. Aswin Raj from Indian Combat. This also helped us to understand the career options in defence.

Majority of our cadets participated in the online session with great enthusiasm and raised valuable questions. All the doubts and misunderstandings about SSB and armed forces got cleared during this interactive session.

It was a good experience for all cadets aspiring defence as a career.
