MASTER OF COMPUTER APPLICATIONS NEWSLETTER 2021

Chairman & Managing Trustee – NGI

Adv. Dr. P. Krishnadas

The MCA Department at NCERC continues to exemplify excellence by nurturing industry-ready professionals equipped for the evolving digital era. We remain committed to supporting its growth through advanced infrastructure and academic innovation.

Principal – NCERC

Prof. Dr. Ambikadevi Amma T

Our MCA Department has consistently upheld remarkable academic standards, empowering students with strong technical and analytical capabilities. In 2021, we aim to further enhance collaborative learning and industry engagement.

HoD – MCA Department

Dr. Sudheer S Marar

The MCA Department is dedicated to moulding competent technologists with a strong foundation in computing and emerging technologies. We strive to create a vibrant learning environment that encourages innovation and professional development.

VISION

To create a school of distinction for the PG students, prepare them to be industry- ready, and achieve Academic excellence by continuous endorsement of the Faculty team in terms of Academics, Applications & Research.

MISSION

The Department of Computer Applications strives to provide quality and competency- based education and fine-tune the younger generation through Curricular, Co-Curricular and Extracurricular activities so as to encounter the Professional and Personnel challenges ahead with Pragmatic skills & courage, thereby 'Creating the True Citizens'.

We intend to facilitate our students to assimilate the latest technological know-how and to imbibe discipline, culture and spiritually, and to mould them into technological giants, dedicated research scientists and intellectual leaders of the country who can spread the beams of light and happiness among the poor and the underprivileged.

M1. To provide quality and competency- based Education

M2. To fine-tune the younger generation through Curricular, Co-Curricular and Extra-curricular activities

M3. To encounter the Professional and Personnel challenges ahead

MCA @ NCERC HIGHLIGHTS

The MCA department started functioning in the year 2006 with a sanctioned strength of 60 students for its postgraduate programme. The department remains committed towards its goal of producing not only industry ready professionals, but also to provide the right perfect ambience and infrastructure for those interested in pursuing their studies in computers and related fields

Master of Computer Applications (MCA) is basically designed to meet the growing demand for qualified professionals in the field of IT. As a postgraduate course, it equally focuses on providing a sound theoretical background as well as good practical exposure to students in the relevant areas of Computer Applications. The program is inclined more toward the Application Development and thus has more emphasis on latest programming language and tools to develop better and faster applications.

The programme aim at the understanding of the basic fundamentals of computing among the students so that they can compete in the present-day global situation. Students are trained in the fields of Systems Designing, Application Software Development, Enterprise Resource Planning, Computer Networks, System Administration, Web Designing and Development, Database Administration, Parallel and Vector Processing, Data Mining and Warehousing, Wireless and Mobile systems, Technology Management etc.

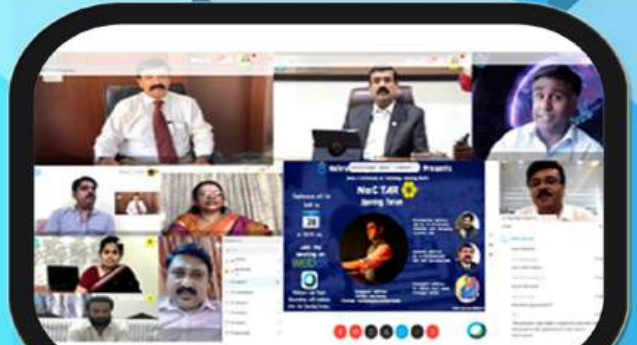

- Consistent high pass percentage
- Excellent placement in MNCs
- WiFi Campus
- Club Activities and Add on courses
- Placement Orientation programmes
- Aptitude training, Softskills and Personality development
- Training and Certification conducted by Infosys, SAP etc..
- Faculty mentors for every 10 students
- Industrial visit to MNCs
- Environmental Visits to enthralling Natures
- Social Extension Activities
- Continuous Internal Evaluation
- State-of-the-art laboratories, library and sports facilities
- Alumni in high profile jobs
- Own Fleet of college buses
- Hostel facility for boys and girls
